GIVE A
BETTER
WAY
A GUIDE TO GIVING

Denvergov.org/HomelessHelp

GIVE A BETTER WAY

Use this quick guide to help you decide which organizations best meet your giving preferences.

Give A Better Way provides direct and tangible ways to connect people experiencing homelessness to beneficial resources.

By working together, we can place our collective dollars, time and energy into programs that provide guidance and assistance to the most vulnerable in our community.

Contact each agency directly for information about specific or large item donations, or to see how you can get involved.

GIVE TIME

Many agencies depend on the support of volunteers to carry out the important work they are doing in the community to help change lives and end homelessness. Volunteer opportunities range from a one-time shift to ongoing support, like teaching classes or engaging in job readiness.

GIVE GOODS

Our guests need and appreciate a variety of goods used on a daily basis. These can include clean and undamaged clothing, new underwear and socks, baby items, personal hygiene products, furniture and food of all kinds.

TEXT-TO-GIVE

With your donation dollars, this giving option helps connect people in our community experiencing homelessness to resources that help them achieve overall wellbeing.
